June 2020

Welcome back to more children this week. It has been super to see more children back in school enjoying time with their friends and spending time with the teachers again.

For those children now in school, there is no need to continue with Home Learning as the learning will be completed in school. For those children who have not returned, Home Learning will continue to be sent home via the parentapp. Teachers will continue with their phonecalls home for those classes not yet in school and for those who have not been able to return for family/shielding reasons, a member of staff will call home.

For our new families, who we are welcoming into Nursery and Reception in September (including our own Nursery children), we ask that you share the Induction Sessions from our YouTube channel over the next few weeks as an introduction to school. Mrs Mander will drop off information for our new Nursery children and Mrs Webb will be calling some Nurseries for children who have not attended our Nursery. We will share arrangements for September, once the government has announced plans for schools for September. We will continue to post all updates and information on the parentapp. Please notify the office if you have any difficulties accessing information.

We look forward to sharing some weeks with you all before the summer holiday and we will also share arrangements for Summer holiday club as soon as we can, subject to change, dependent on government guidance.

Thank you all for your continued support during this time and for your messages of kindness.

Mrs A Moss (Headteacher)

Lionel Bear is staying in the School Room window waiting for Yellow Class...

Mrs Mander is having fun with Nursery children. What are they doing with that pipe?

The parachute has been a hit with Year 4s. Look at those smiles.

Green Class children are enjoying their new Stone Age book. It's great being back together again.

The tables are a little further apart and Miss Townsend is enjoying 'thinking' she is a Victorian teacher but those smiles show that Learning Partners are still in use.

An interesting approach to Father's Day cards this year!

Some children have Collective Worship in the hall in their mini bubble and others are in their classrooms.

Zoom is helping us stay together and this week we discussed the theme of 'Aspiration'. There are some aspirational children with grand plans for their future careers.

Blue Class children started reading a new book for the Stone Age topic...it's a bit scary but very exciting. Miss Townsend reads it from her high stool so that everyone can see!
