

Purple Class Homework - Creepy Crawlies

If you would like to do some homework over the next couple of weeks, here are some activities you can choose from:

To link with our science and maths, take yourself on a bug hunt outside. You might need a grown up to go with you.

Create a chart to record the different types of insect/creepy crawly you find. If you find a lot of minibeasts, then you could perhaps display your data in a bar chart or pictogram.

Where is the best place to find minibeasts? Do they prefer certain places to others?

If you have enjoyed learning about Anansi the trickster in literacy, then you could try and retell the story of Anansi and Turtle.

Watch the clip: <http://www.bbc.co.uk/education/clips/zcj9wmn>

Choose a way to retell the story. You could write a retell, record yourself telling the story or perhaps create a cartoon strip. It's up to you.

Jungle Tea Party

For children, in school on **Wednesday 19th July**.

The most important bit of homework for this topic is to bring in some goodies for the Jungle Tea Party.

Purple Class is in charge of bringing **cakes** for the party, to share with other classes in the school. Small cakes are easier to manage and of course if you can make them **creepy crawly or jungle themed**, that would be even better!

Bring them to school on Wednesday 19th July. Please name tubs/tins/plates.

Get cooking and/or decorating! Thank you :)
