

Summer holiday work at Blackwell First School and Nursery

Work on our Nursery and Forest School is progressing well and the whole project is planned for completion by the end of September. We may be able to use some of the facilities at the start of term in September and will let our Nursery families know during the week before school opens in September.

Thanks to generous donations by neighbours, members of the school community and the Parish Council, the 'Blackwell Ape' on the chimney at the front of school has been restored during the Summer holiday. We are delighted that he is now able to be enjoyed and admired by children and the community for many years to come. Thank you to Andy DeComyn for his work.
