

The Adventures of...

Peggy and Bertie Blackwell

Episode 4

D.T.

Miss Kuriger has taught me running stitch and back stitch. Threading a needle is very tricky! Especially if you haven't got any thumbs.

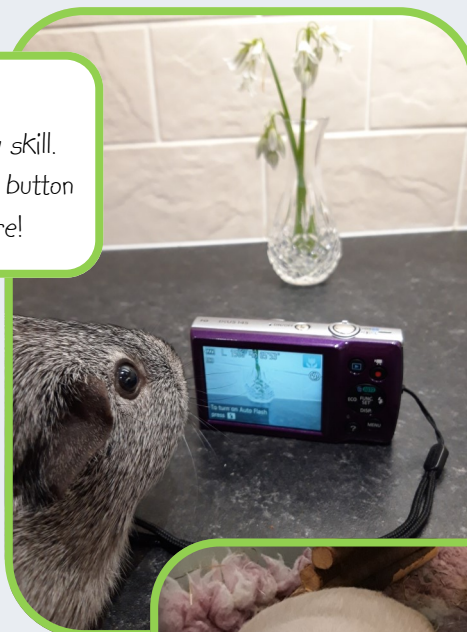

Playtime

I had a Teddy Bears' Picnic. I got quite excited!

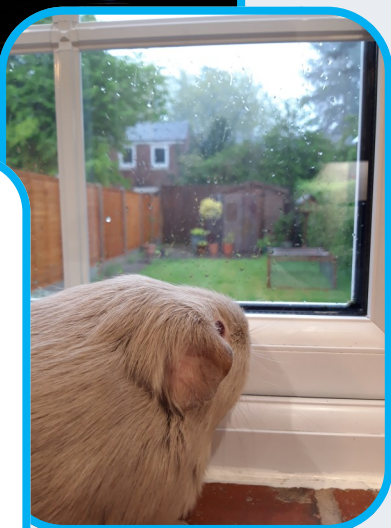

Photography

I have learnt a new skill. When you press the button it takes a picture!

Geography & Science

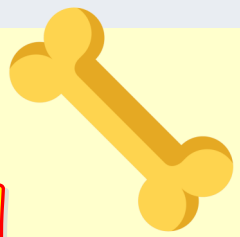

I have been learning all about weather. I do not like rain. At all. I can't go in the garden with Peggy because Miss Kuriger said we would get too soggy. Peggy told me that the grass will grow more now. I am looking forward to a feast!

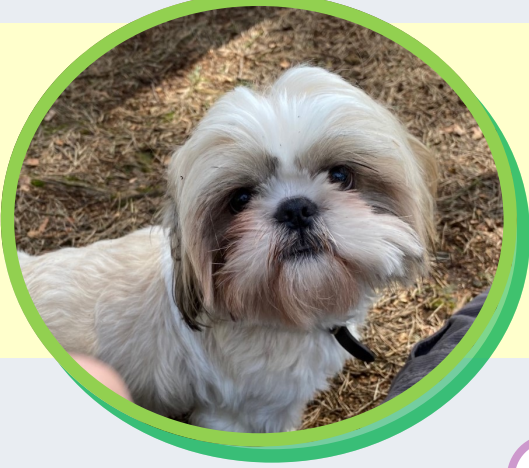

I took a very funny photo of Bertie! Ha ha ha! I think he has eaten too many carrots.

The Adventures of... Hetty Blackwell

Episode 4

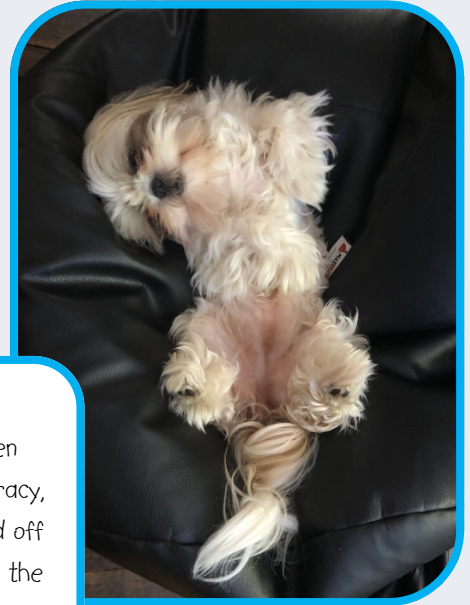

P.E.

I have kept up with the yoga. I find it the least exhausting of exercises. I wonder if Mrs Moss has had her yoga mat out lately...

Spelling

I really truly have been trying hard with my literacy, but I might have drifted off for just a second during the spelling test.

Boredom Busters

I have been collecting materials to use in Mrs Edney's Boredom Buster activities. Although this tube makes quite a good toy just as it is.

Forest School

I am out and about no matter the weather. I love mud and stones and sticks and leaves. And also having a lie down in the swing.

Playtime

This is still my favourite lesson. I have learnt that my brain works best after a little break. Then I can keep being a super learner.
